

IF YOU DON'T HAVE ZOOM INSTALLED

Zoom just works

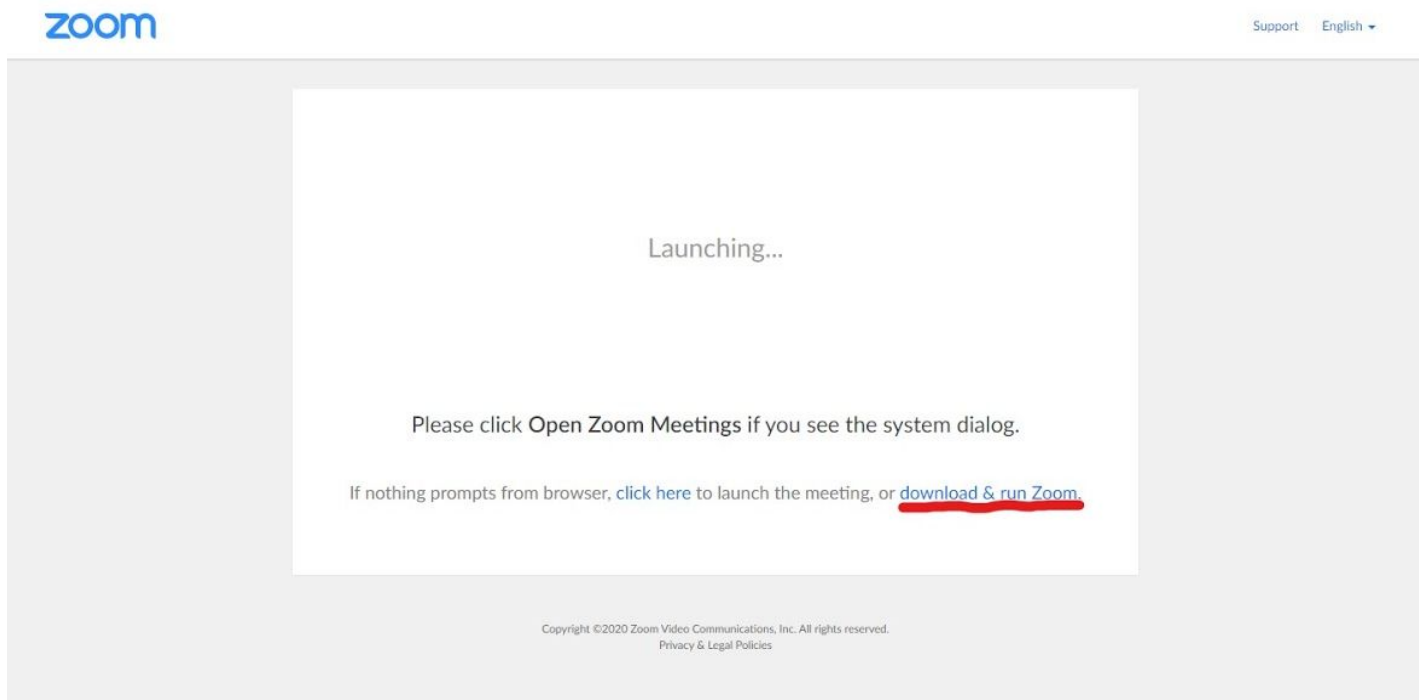

Single communications suite for meetings, chat, and more

Use your resources wisely with a single solution for your meetings, team chat, and more. Your employees will love that they only have to navigate one tool.

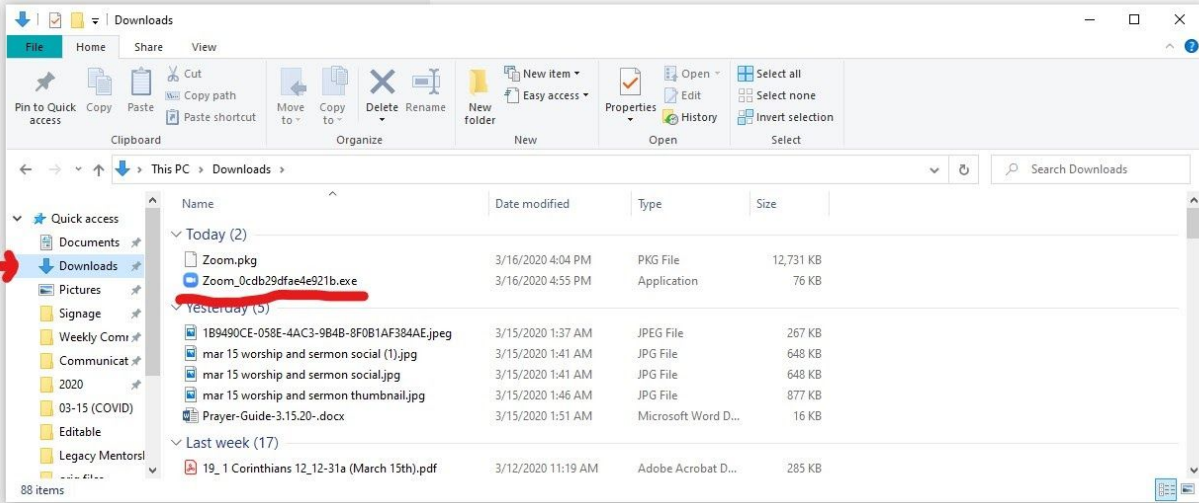

<https://zoom.us/join>

Click Join A Meeting

If the computer doesn't automatically start your download, click the download & run Zoom link.

Launching...

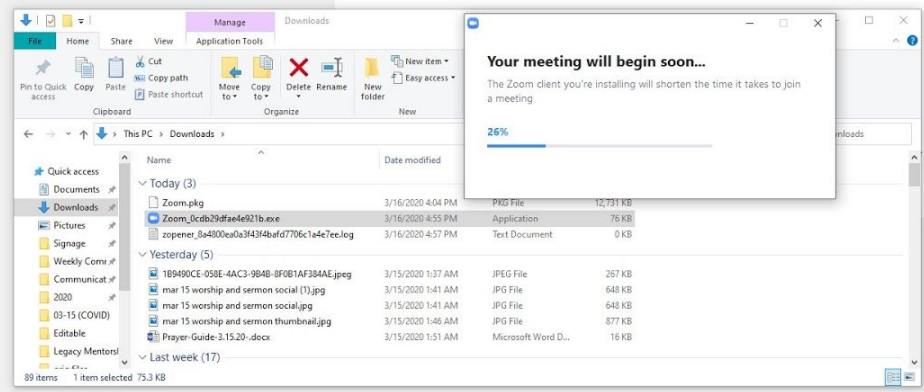

You can see your download in a couple different locations. Double click on Zoom download.

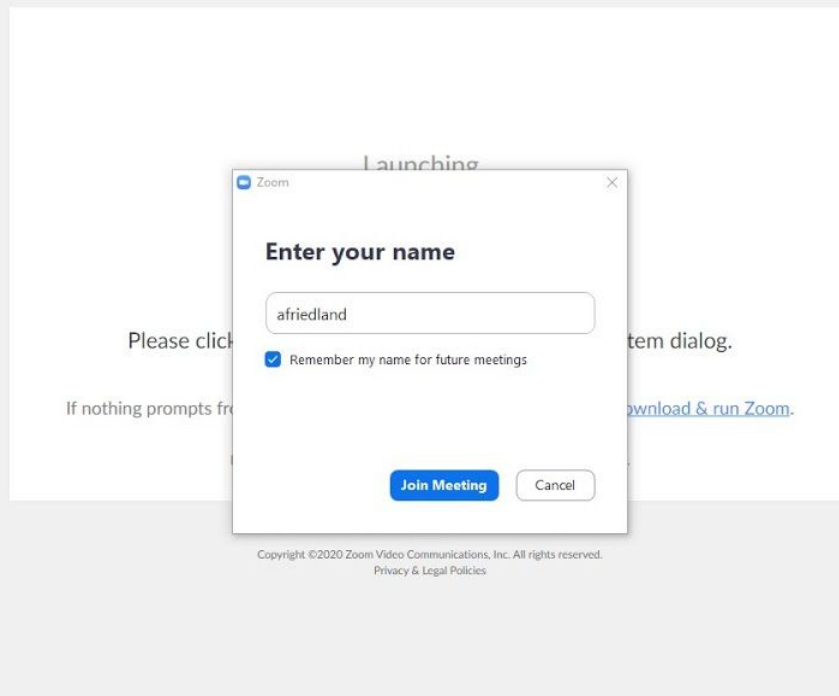

zoom

Support English

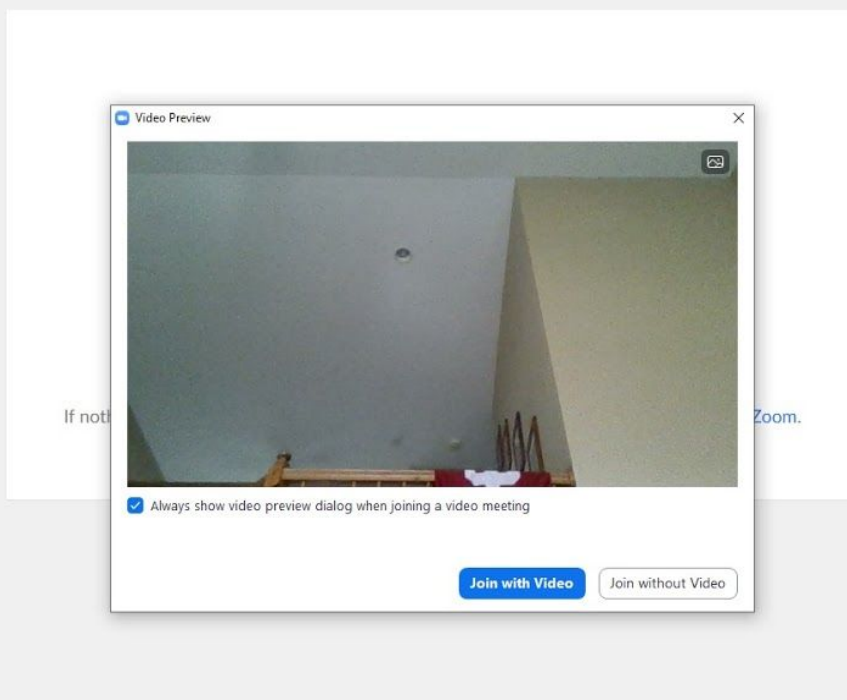

Launching...

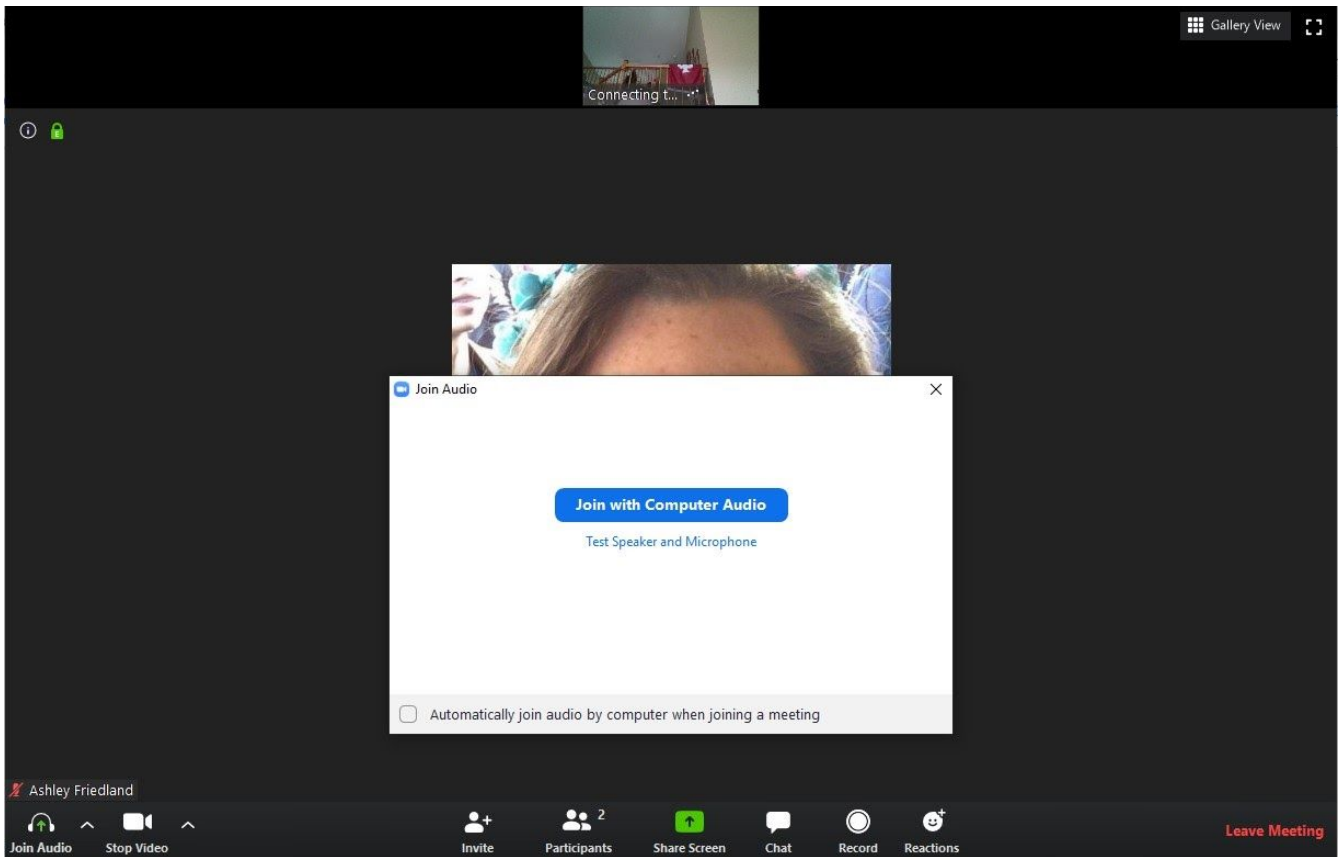

A confirmation message about installation/meeting starting soon should pop up.

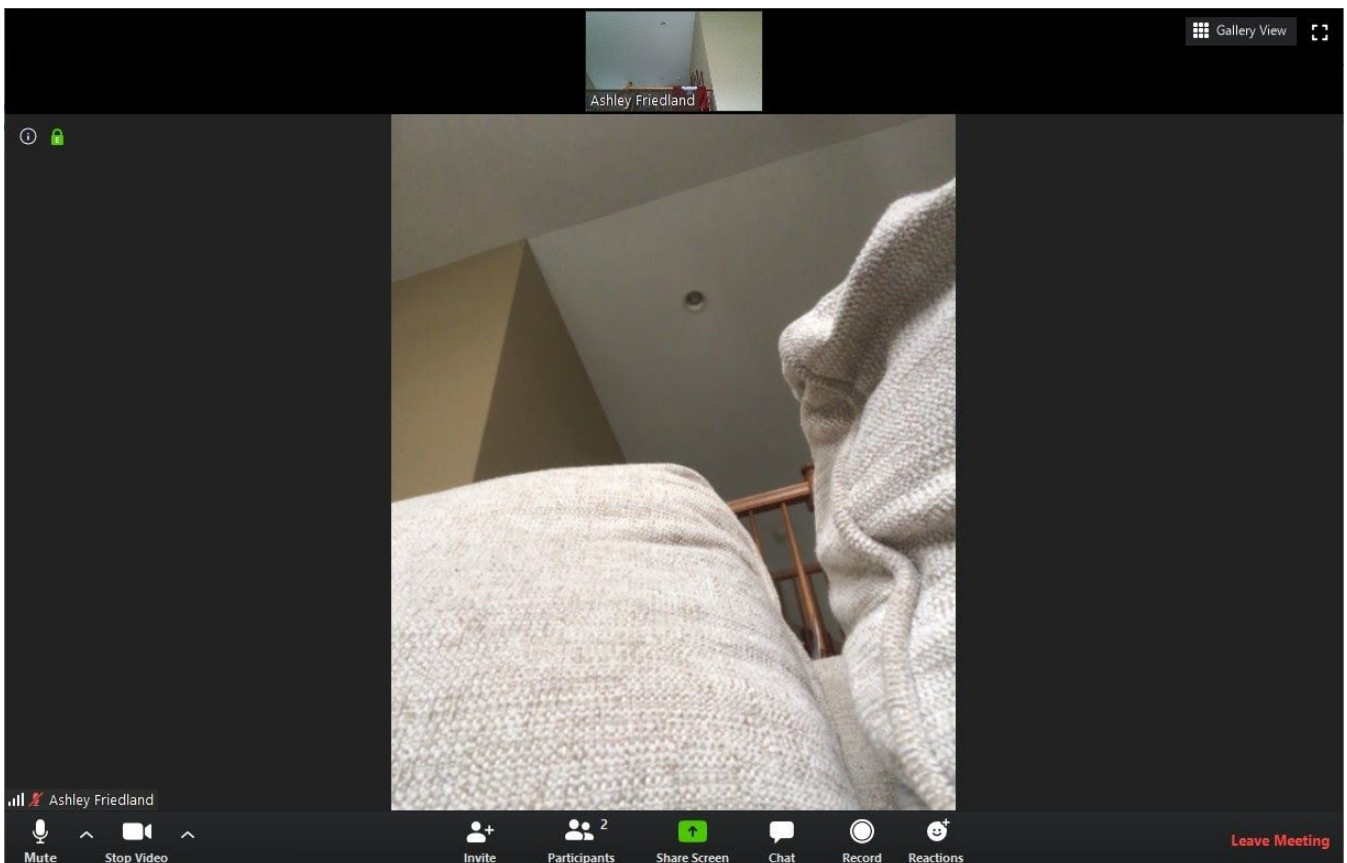

Zoom may ask you to input your name.

Zoom will ask if you would like to join with or without video.

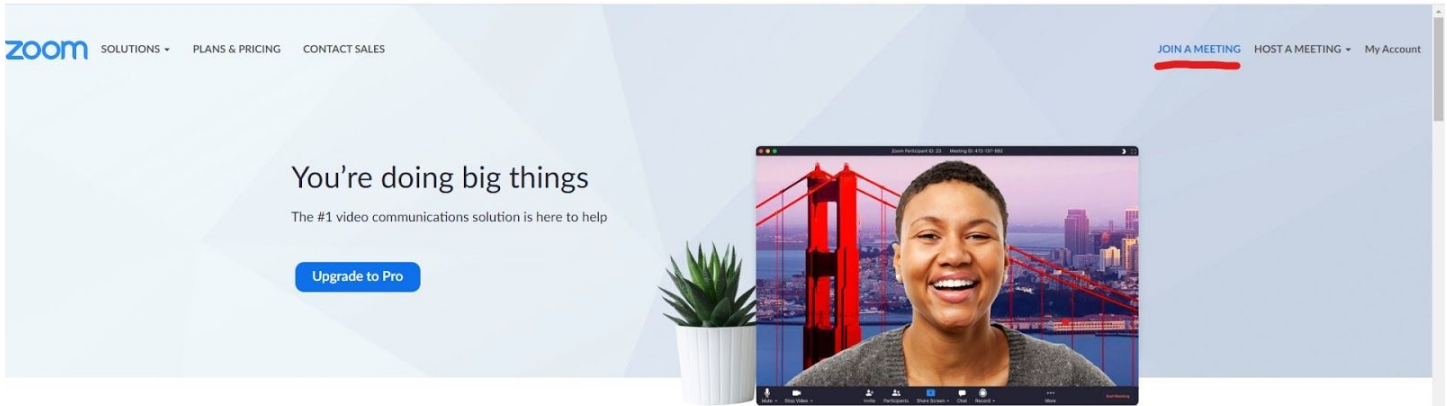

Zoom will ask about joining audio. Usually, computer audio is fine - it uses your computer's mic & camera.

You're in. You'll see call participants in the top bar. Your ability to turn off/on your camera and mic are in the lower left hand corner.

IF YOU ALREADY HAVE ZOOM INSTALLED

Zoom just works

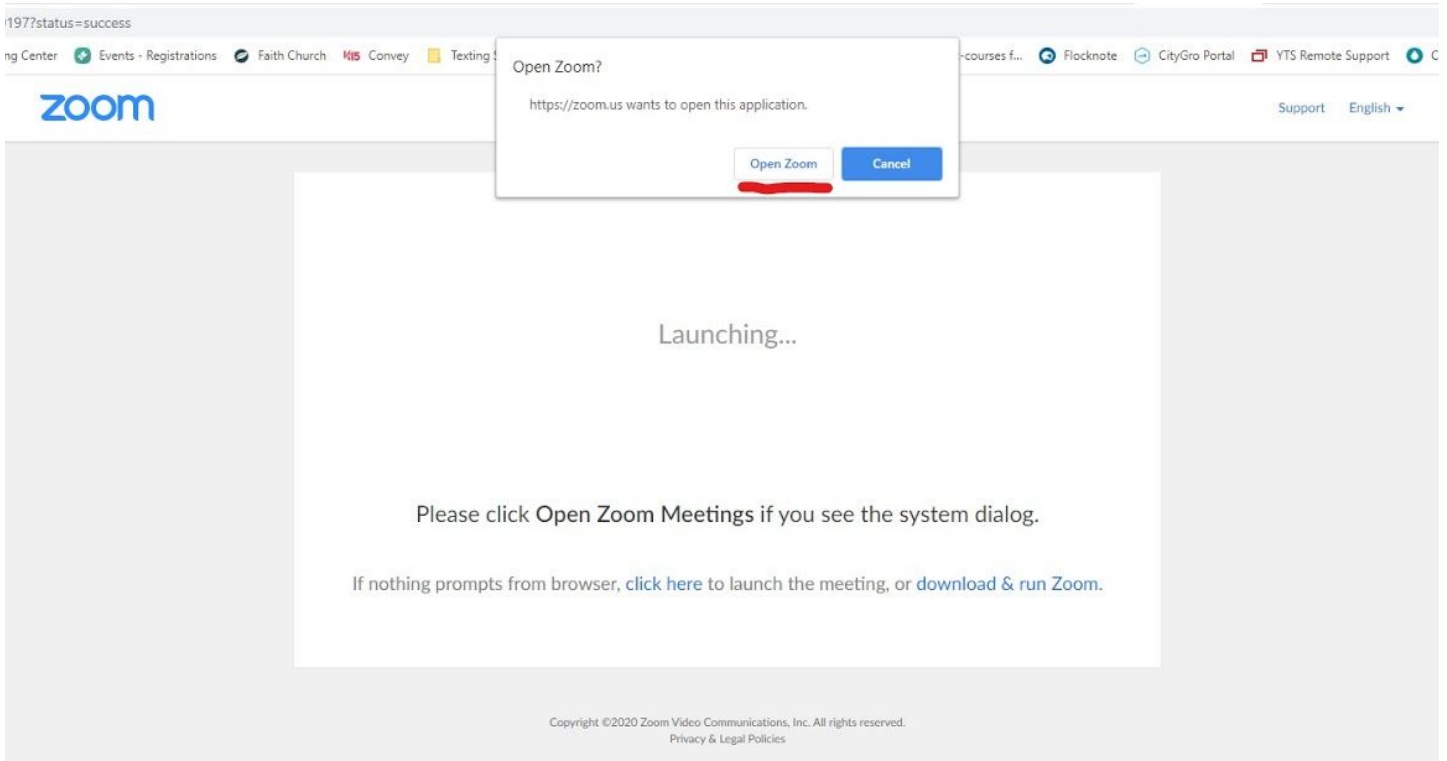

Single communications suite for meetings, chat, and more

Use your resources wisely with a single solution for your meetings, team chat, and more. Your employees will love that they only have to navigate one tool.

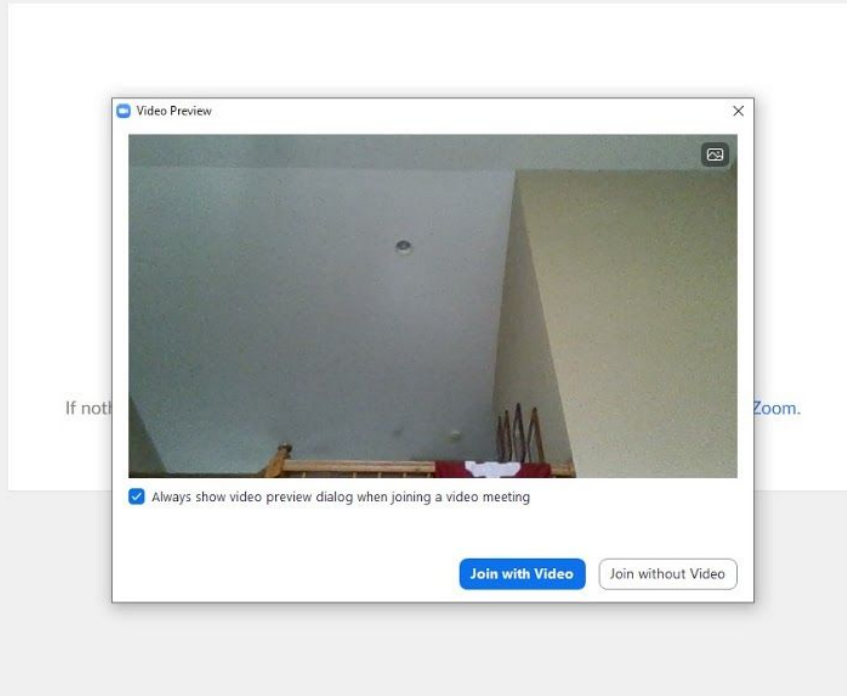

<https://zoom.us/join>

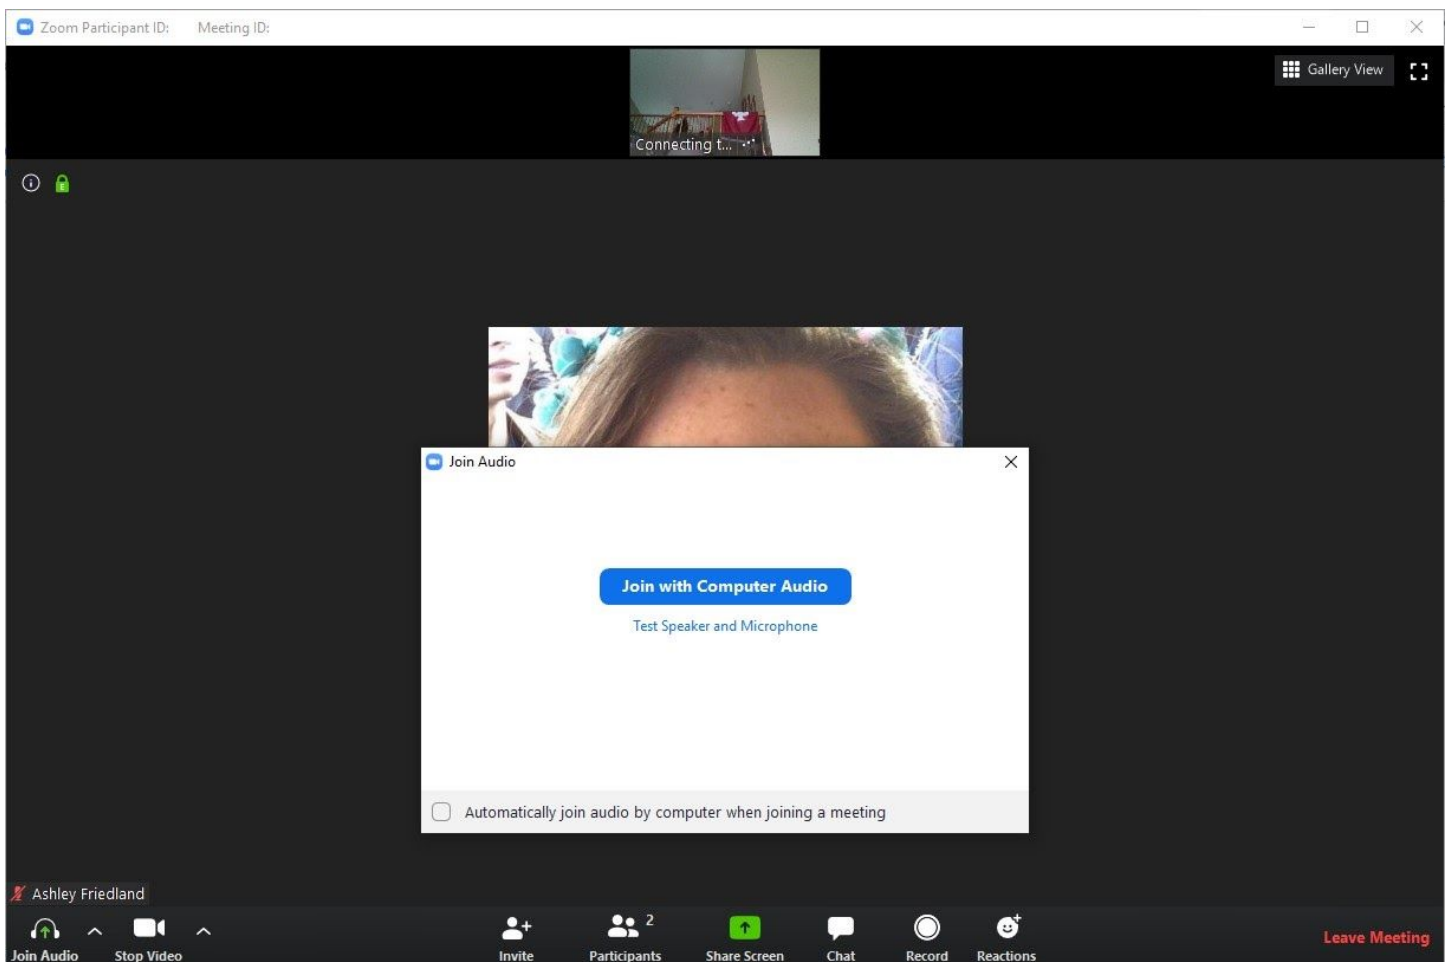

You can either open Zoom from the icon on your desktop, your start menu, or by clicking Join A Meeting on the Zoom Website.

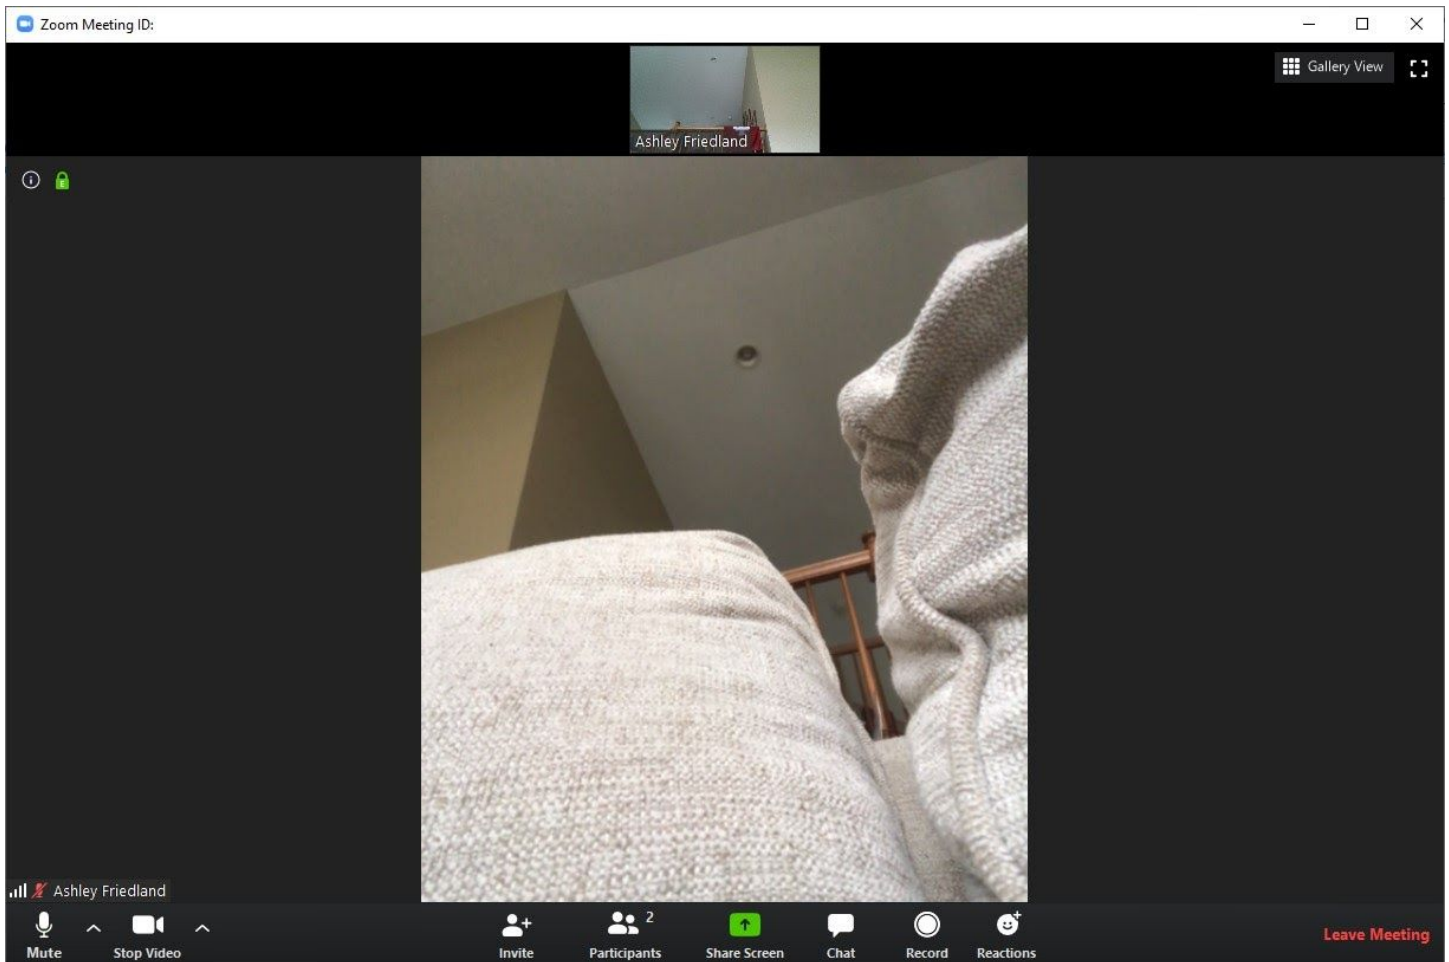

Zoom will create a pop up. Click Open Zoom.

Zoom will ask if you would like to join with or without video.

Zoom will ask about joining audio. Usually, computer audio is fine - it uses your computer's mic & camera.

You're in. You'll see call participants in the top bar. Your ability to turn off/on your camera and mic are in the lower left hand corner.
