

IF YOU DON'T HAVE ZOOM INSTALLED

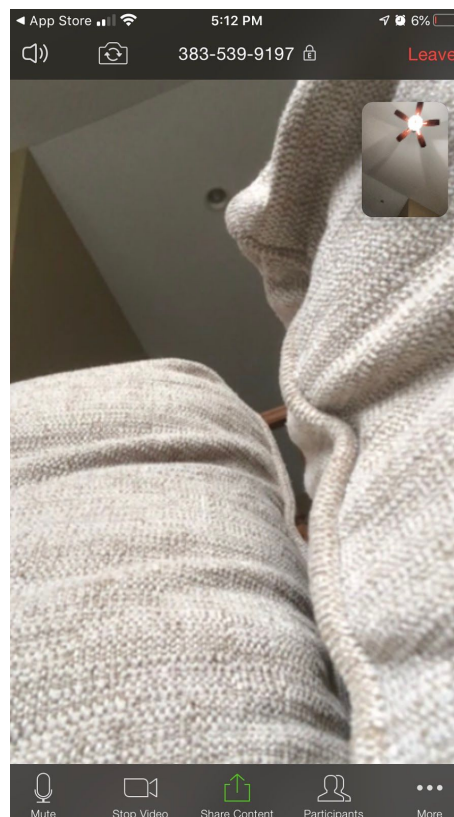

Download Zoom from the App Store. Signing up is free, but if you don't want to, just click Join a Meeting.

Input the meeting ID (someone will give you) then choose audio and video options. Zoom will ask about camera access. If you say no, your camera will not work.

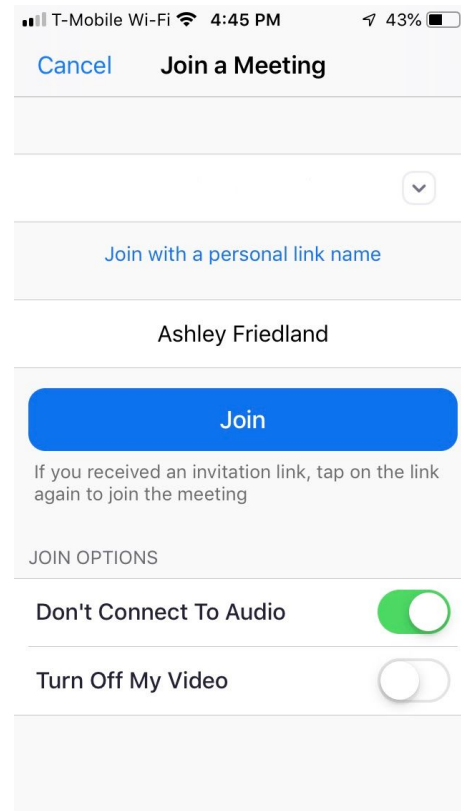

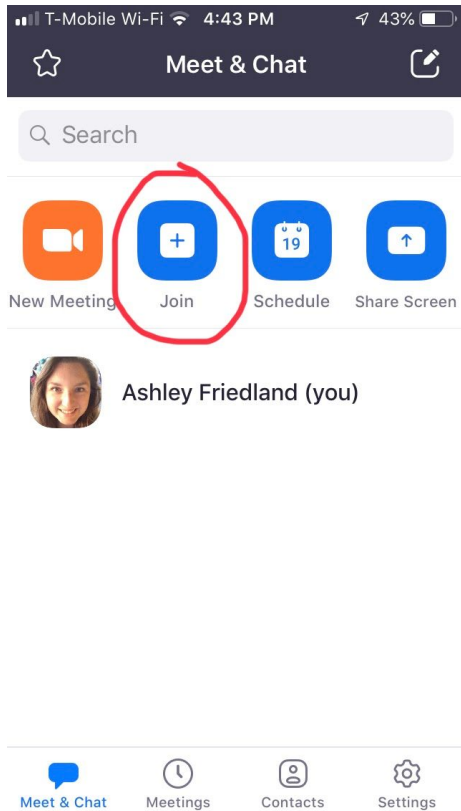

Zoom will also ask about microphone access and notification settings. If you say no to the microphone, no one will hear you.

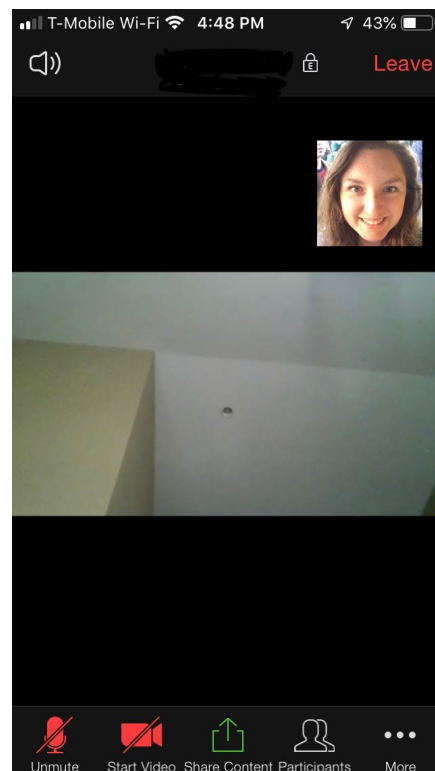

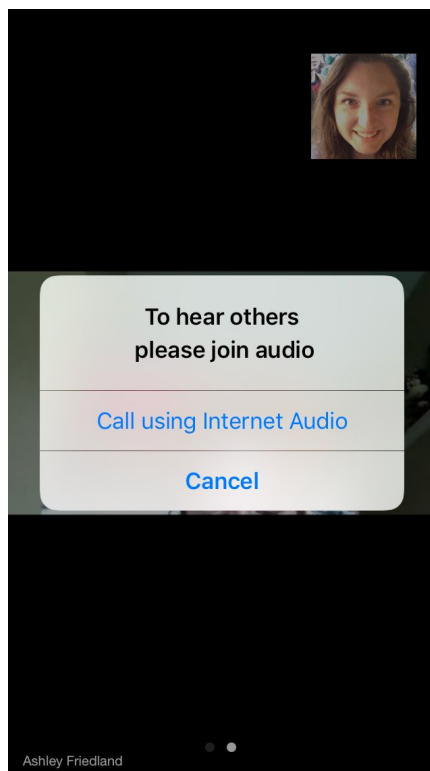

You're in. Your ability to turn off/on your camera and mic are in the lower left hand corner.

IF YOU ALREADY HAVE ZOOM INSTALLED

Open the app. Click Join. Input the meeting number and choose your join options.

Zoom will ask you about audio. You're in. Your ability to turn off/on your camera and mic are in the lower left hand corner.
